

Chardonnay Riserva Baron Salvadori

The multilayered fruity and floral bouquet reveals strong aromas of mature apricot and pineapple. Grown in the warm Margreid area, it exhibits a fine structure with pleasant freshness, a harmonious body and balanced elegance, with a long-lasting finish. Our Chardonnay Baron Salvadori harmonizes with the subtle dishes of haute cuisine, flavorsome starters, white meats and grilled fish.

The historical winegrowing village of Margreid features ideal conditions for a wide range of wines: In addition to the warm climate, the limestone gravel soils contain a high amount of humus which allows a variety of grape-types to achieve their finest characteristics, especially Chardonnay and Merlot.
