

Baronesse Passito Baron Salvadori

The complex soils in the environs of Margreid inspire a wide range of aromas in our Passito: notes of ripe dried fruit, apricot, honey and quince spread a wave of noble sweetness over the palate before taking long and playful leave in a highly intense finish. A pure delight with creative desserts and blue cheeses for hours of sensuous pleasure.

The Entiklar vineyard is located just outside the village of Margreid. Its limestone gravel soils offer the ideal nutrition for our Goldmuskateller grapes, providing them with their unique aroma.
