

GALEA Schiava

With a bouquet revealing cherry, almond and violets, a robust elegance, fine freshness and harmonious finish, this original South Tyrolean is a delightful and highly quaffable wine. Grown on 100-year old vines in St. Magdalena, the Vernatsch Galea finds its ideal partner in dishes of the traditional South Tyrolean cuisine and, when cooled, in fish.

South Tyrol's oldest regional red grape variety, the Vernatsch or Schiava, finds its traditional location in St. Magdalena near Bozen (Bolzano). The steep slopes of this vineyard with its porphyry gravel soils are home to the various sub-varieties of the Vernatsch.
